Brendan Benshoof

Senior Applied Computer Scientist | Ph.D. in Computer Science
Atlanta Metropolitan Area

Summary

Ph.D. computer scientist with ~10 years building secure, large-scale infrastructure at Google, Square, and RedSeal. Depth in distributed systems, software supply chain security, and network security; comfortable owning architecture from research to production.

Experience

RedSeal, Inc.

Senior Applied Computer Scientist

November 2025 - Present (9 months)

Google

Software Engineer

April 2021 - November 2025 (4 years 8 months)

Atlanta, Georgia, United States

Square

Software Engineer

February 2018 - April 2021 (3 years 3 months)

Greater Atlanta Area

Google

Software Engineer

May 2016 - February 2018 (1 year 10 months)

Mountain View

Georgia State University

3 years 10 months

Graduate Research/Teaching Assistant

August 2012 - May 2016 (3 years 10 months)

Develop and Support Novel Networking, Bioinformatics and Security Research.

Support course Instructors, Provide weekly supplemental lectures.

Graduate Assistant

August 2012 - May 2016 (3 years 10 months)

Teaching Graduate and Undergraduate Courses (Java, Data Structures, Security)

Course Instructor: CSC 3320 and CSC 7351

August 2014 - December 2014 (5 months)

Teaching: System Level Programming, including UNIX and C.

Course Instructor: CSC 3320

June 2014 - August 2014 (3 months)

Teaching: Systems Level Programming, including UNIX and C

Course Instructor: CSC 2010

January 2013 - May 2013 (5 months)

Atlanta GA

Teaching: Intro Computer Science

Education

Georgia State University

Doctor of Philosophy (Ph.D.), Computer Science · (2012 - 2016)

Georgia State University

Bachelor's degree, Computer Science · (2010 - 2013)
